

ATTENTION FIRST-YEAR PRINCIPALS!

**COACHING/MENTORING PROGRAM
FOR FIRST-YEAR HIGH SCHOOL PRINCIPALS**

If you are a **FIRST-YEAR HIGH SCHOOL PRINCIPAL** for the 2008-09 school year, GASSP want to hear from you. We want to identify all beginning high school principals and offer our services.

The Georgia Association of Secondary School Principals is funding a **coaching/mentoring program for first-year high school principals at NO COST to the beginning principals.**

Veteran high school principals, who will be trained as coaches/mentors, will be assigned to each first-year principal who would like to have a coach this year.

Coaches will have a minimum of 8 formal coaching sessions with the beginning principals with whom he/she is working. These contacts can be face-to-face, by email or telephone, or at GASSP/GAEL conferences. Beginning principals will be in the Coaching Program, which also includes three half-day workshops throughout the year as part of this program.

If you are a first-year high school principal and are interested in having a coach this year and participating in the coaching program, please email your name, school, school district information to Dr. Ronda Tighe at rtighe@gsu.edu.
